MediaJet[®]

Warm white matte inkjet paper

Product description:

Warm-white, matte coated inkjet paper as an economically-priced alternative to smooth artist papers. Excellent image carrier for photo-posters, exhibition graphics, POS advertising, architectural and technical visualisations, etc. and quick-drying.

Specific feature:

MediaJet[®] Litho Archiv Matt is a completely new concept in inkjet paper with a warm-tone, light ivory-white colouration, which, thanks to its excellent price-to-performance ratio, represents a real alternative to the classic smooth artist paper and is suited to a wide circle of users. The special coating on the front for water-based printer systems, facilitates high ink acceptance characteristics with the best drying properties, a wide colour gamut and impressive, brilliant colours. Photographers will also appreciate this economically-priced paper, which allows the printing of crisp images with resolutions of up to 5,760 dpi. We recommend MediaJet[®] Litho Archiv Matt for high-end photo-posters, portfolio folders and photo albums, exhibitions and trade fair graphics. In addition, it is the paper of choice for impressively rendered architectural drawings and technical visualisations. The paper is an approved quality and fulfils the requirements of DIN EN ISO9706.

Processing:

Processing and storage should ideally be done in an environment with 35% to 65% relative humidity at a temperature between 10° and 30° C. Store in original packaging (cardboard box and PE bag). We recommend wearing cotton gloves when handling inkjet printed surfaces, in order to avoid fingerprints.

Technical specification:

Material:	PAPIER
Application Area:	NUR IM INNENBEREICH
Surface:	MATT
Specific gravity:	230,00g/m ²
Thickness:	265,00µm
B1-cert.:	nein
Cold lamination:	ja
Heat lamination:	ja
Opacity:	>96%
Color L:	97,9
Color a:	0,6
Color b:	-0,8
UV-whiteness:	> 106% (D65/10%)
ph-value:	7,5
archivbeständig:	DIN EN ISO 9706
DIN9706	Ja
DIN ISO 16245	Nein
