signJET Production Banner BW

Mat Frontlitbanner, bright white

Product description:

White matt frontlit banner with a smooth print surface, for indoor outdoor applications such as banners, posters and signs, one side printabel, UV stable fabric, REACH conform

Specific feature:

signJET Production Banner BW is a high white banner material for solvent based digital printing. Main applications are short to middle term indoor and outdoor advertising. This premium banner is well suited for use on all current solvent printers and with conventional finishing methods. signJET Production Banner BW is a 100% PES weave and is characterized by high stability and tensile strength.

Processing:

For optimal results, specific compatibility tests must be carried out. signJET Production Banner BW should be stored and processed in a climate of 40-65% relative humidity and at a temperature of 18-30°C. Storage: in original packaging. REACH: the substance Bis(2-ethyl(hexyl)phthalate (DEHP) is present in a concentration of 16,66%.

Technical specification:

Material:	GEWEBE
Surface:	MATT
Specific gravity:	510,00g/m ²
B1-cert.:	nein
Cold lamination:	nein
can be sewn:	ja
can be eyeletted:	ja
can be stretched:	ja
water resistant:	ja
scratch resistant:	ja
Höchstzugkraft Kette:	2200 N/5cm DIN 53354
Höchstzugkraft Schuß:	1900 N/5cm DIN 53354
Weiterreißfestigkeit Kette:	300 N/5cm DIN 53 356
Weiterreißfestigkeit Schuß:	250 N/5cm DIN 53 356
DIN ISO 16245	Nein
