mediaJET Museum Fibre Matt								
Natural white photo-art paper								
<i>Natural white, velvety soft photo art paper made of 100% alpha cellulose, with a fibre surface based on the classic rag paper. The light paper is FOGRA certified, acid-free and coated without optical brightener. Enables prints with high D-Max value and dynamic colour reproduction, ideal for exhibitions, competitions, photo and fine-art work.</i>	200g	A4	210 mm	297 mm	50 Bl.	0550180741	45,52	14,60

mediaJET Museum Natural Rag								
Natural white photo-art cotton paper								
<i>Museum Natural Rag is a natural white, traditional PhotoArt paper made of 100% cotton with a soft, typical rag surface. A distinctive paper with ideal paper weight for long-lasting photo and fine-art reproductions. Made without optical brighteners and acid-free, for premium prints with extremely high D-Max values and very large colour space.</i>	260g	10x15	102 mm	152 mm	50 Bl.	0550121998	28,27	36,47

mediaJET Museum Natural Smooth								
Natural white photo-art cotton paper								
<i>Museum Natural Smooth, like Museum Natural Rag, is a natural white, traditional PhotoArt paper made of 100% cotton, a little heavier in paper weight, with a soft surface and a little less, rather reserved structure, for long-lasting photo and fine-art reproductions with very high quality. Made without optical brighteners and acid-free, for valuable prints with extremely high D-Max values and perfect colour space.</i>	310g	A4	210 mm	297 mm	25 Bl.	0550108740	40,70	26,10

	mediaJET Museum White Smooth							
High white matt cotton paper								
<i>Museum White Smooth is the slightly lighter addition to Museum Natural Smooth, also made of 100% cotton, with a soft surface and subtle paper texture. Low optical brighteners, acid-free and therefore ideal for long-lasting photo and fine-art reproductions. Ideal for black/white prints as the white tones are more natural and neutral due to the white paper. For premium prints with extremely high D-Max value on genuine cotton paper.</i>	300g	A4	210 mm	297 mm	25 Bl.	0550165740	40,70	26,10

mediaJET PhotoArt White Satin					
Fourdrinier photo-art inkjet paper					
<i>This PhotoArt paper full of character with a pleasantly grippy rag surface is bright white, with little optical brightener and made of 100% α-cellulose. Printed surfaces, such as photos, graphics and drawings, are reproduced with a silk-matt effect; unprinted surfaces remain unobtrusively matt. This paper opens up new possibilities for photographers and artists and gives the print brilliance and dynamism.</i>	270g	10x15	102 mm 152 mm 50 Bl. 0550140998	32,82	42,34

textured

mediaJET Museum Natural Velvet Velvety soft fine-art cotton paper

Museum Natural Velvet is ideal when a soft, clear texture is desired for a perfect overall picture. This very beautiful, natural white 100% cotton paper has a special acid-free coating, without optical brighteners, which allows premium art prints with an increased colour range and high D-Max. This subtle paper has an even clearer rag surface than Museum Natural Rag.

mediaJET Museum Watercolor Natural white fine-art watercolour paper

The Museum Watercolor is a natural white, absolutely striking fine-art cotton paper with a regularly structured, classic watercolour surface. Despite its expressive structure, the paper is soft to the touch. Due to the specially matched coating without optical brightener, free of lignin and acid, long-lasting art reproductions with extremely high colour gamut and black densities can be ideally printed.
